## **INDEPENDENT AUDITORS' REPORT**

To the City Council  
Town of Indialantic, Florida

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Indialantic, Florida, (the "Town") as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Indialantic, Florida, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Indialantic, Florida and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Indialantic, Florida's ability to continue as a going concern for twelve months beyond the financial

statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Indialantic, Florida's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Indialantic, Florida's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary schedule, pension and OPEB schedules, on pages 7-15 and 68-83 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational,

economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 2, 2023, on our consideration of the Town of Indialantic, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Indialantic, Florida's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Indialantic, Florida's internal control over financial reporting and compliance.

## Town of Indialantic, Florida Management's Discussion and Analysis

As management of the Town of Indialantic, Florida, we offer readers of the Town of Indialantic, Florida's financial statements this narrative overview and analysis of the financial activities of the Town of Indialantic, Florida for the fiscal year ended September 30, 2022.

### Financial Highlights

- The assets of the Town of Indialantic, Florida exceeded its liabilities at the close of the most recent fiscal year by \$6,963,541 (net position). Of this amount, \$2,606,806 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The Town's total net position increased by \$1,808,661 from previously stated net position.
- The Town's long term debt outstanding at September 30, 2022 was \$1,905,269.
- As of the close of the current fiscal year, the Town of Indialantic, Florida's governmental funds reported combined ending fund balances of \$4,077,744 an increase of \$1,263,941 over the prior year. Approximately 47% of this total amount, \$1,902,450 is available for spending at the government's discretion (unassigned fund balance), and represents approximately 44% of total governmental fund expenditures, excluding capital outlay.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Indialantic, Florida's basic financial statements. The Town of Indialantic, Florida's basic financial statements is comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

***Government-wide financial statements.*** The government-wide financial statements are designed to provide readers with a broad overview of the Town of Indialantic, Florida's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Town of Indialantic, Florida's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Indialantic, Florida is improving or deteriorating.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

## Town of Indialantic, Florida Management's Discussion and Analysis

Both of the government-wide financial statements distinguish functions of the Town of Indialantic, Florida that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town of Indialantic, Florida include general government, public safety, recreation and physical environment. The business-type activities of the Town of Indialantic, Florida include Wavecrest Park and Indialantic (Nance) Park.

The government-wide financial statements can be found on pages 19-23 of this report.

***Fund financial statements.*** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Indialantic, Florida, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town of Indialantic, Florida can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

***Governmental funds.*** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of Indialantic, Florida maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, which is considered to be a major fund. Data from the other governmental fund is presented as a non-major fund.

The basic governmental fund financial statements can be found on pages 24-27 of this report.

***Proprietary funds.*** The Town of Indialantic, Florida maintains two different types of proprietary funds. Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. The Town of Indialantic, Florida uses an enterprise fund to account for the activities of its Wavecrest Park and for its Indialantic (Nance) Park.

## **Town of Indialantic, Florida Management's Discussion and Analysis**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for Wavecrest Park and Indialantic (Nance) Park, which is both considered to be major fund of the Town of Indialantic, Florida.

The basic proprietary fund financial statements can be found on pages 28-31 of this report.

*Fiduciary funds.* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town of Indialantic, Florida's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 32-33 of this report.

*Notes to the financial statements.* The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-66 of this report.

*Other information.* In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of Indialantic, Florida's budgetary compliance and pension obligations. The Town of Indialantic, Florida adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Required supplementary information can be found on pages 67-83 of this report.

### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Indialantic, Florida, assets exceeded liabilities by \$6,963,541 at the close of the most recent fiscal year.

## Town of Indialantic, Florida Management's Discussion and Analysis

The largest portion of the Town of Indialantic, Florida's net position (60%) reflects its investment in capital assets (e.g., land, buildings, improvements other than buildings, machinery and equipment, furniture and fixtures and infrastructure); less any related debt used to acquire those assets that are still outstanding. The Town of Indialantic, Florida uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the Town of Indialantic, Florida's net position, \$202,313 and \$87,184 at September 30, 2022 and 2021, respectively, (both < 1%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$2,606,806 and \$1,346,632 at September 30, 2022 and 2021, respectively, may be used/has been used to meet the government's ongoing obligations to citizens and creditors.

**2022 Revenues by Source - Business-type Activities**

### Financial Analysis of the Government's Funds

As noted earlier, the Town of Indialantic, Florida uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the Town of Indialantic, Florida's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town of Indialantic, Florida's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town of Indialantic, Florida's governmental funds reported combined ending fund balances of \$4,077,744, an increase of \$1,263,941 in comparison with the prior year. Approximately 52% of this total amount (\$2,108,750) constitutes unassigned/assigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance (\$1,968,994) is restricted or committed to indicate that it is not available for new spending because it has already been restricted to law enforcement related activities (\$12,968) and committed for maintenance of the sign at the entrance to Nance Park (\$1,000), fire truck (\$440,000), road resurfacing (\$500,000), employee benefits (\$69,305), replacement of stormwater (\$120,000), upgrade and repair Riverside Park Pier (\$125,000), debt service (\$309,115), financial software (\$100,000) and hurricane debris removal & insurance deductible (\$291,606).

The General fund is the chief operating fund of the Town of Indialantic, Florida. At the end of the current fiscal year, unassigned fund balance of the General fund was \$1,902,450. As a measure of

## Town of Indialantic, Florida Management's Discussion and Analysis

the General fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures, excluding capital outlay. Unassigned fund balance represents 44% of total General fund expenditures, excluding capital outlay.

The fund balance of the Town of Indialantic, Florida's General fund increased by \$1,158,535 during the current fiscal year, compared to a \$377,359 increase in the prior year. Total operating expenditures increased by \$245,152 from the prior year while total revenues increased by \$1,026,328 from the prior year, primarily from the ARPA grant, resulting in an increase in fund balance in the current year.

**Proprietary fund.** The Town of Indialantic, Florida's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Wavecrest Park and Indialantic (Nance) Park fund at the end of the year amounted to \$214,889. The total net position of this fund increased \$366,393 in the current year compared to an increase of \$262,829 in the prior year. Total operating revenues increased by \$85,641, due to increased meter rates, while expenses increased by \$111,791.

**General Fund Budgetary Highlights.** Differences between the original budget and the final amended budget were primarily to budget the revenues and expenditures associated with increases in permits and fees, grants, and increases in intergovernmental revenues.

The Town's actual revenues were \$140,662 more than budgeted revenues.

The Town's actual expenditures were \$1,017,873 less than budgeted expenditures mainly because of actual physical environment and general government expenditures being less than budgeted by \$1,031,312. The general fund budget to actual can be found on page 82 of this report.

### Capital Asset and Debt Administration

**Capital assets.** The Town of Indialantic, Florida's investment in capital assets for its governmental and business-type activities as of September 30, 2022, amounted to \$6,059,691 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, fixtures, and other infrastructure items. The total increase in the Town of Indialantic, Florida's investment in capital assets for the current fiscal year was approximately 13%.

Major capital asset additions of \$344,307 for governmental activities and \$253,102 for business-type activities during the current fiscal year included the following:

- The purchase of a patrol car for the police department and a tractor for public works.
- The purchase of stormwater pipe replacements.
- The purchase of a new air conditioner for Town Hall.
- The repainting of town hall, police department and public works buildings.
- The purchase of a new playground at Nance Park.
- Boardwalk repair/replacement
- The purchase of 2 kiosks for the beach area

## Town of Indialantic, Florida Management's Discussion and Analysis

These increases were offset by depreciation expense \$405,315 for governmental activities and \$27,418 for business-type activities. In addition, the Town disposed of certain assets in governmental and business-type activities with a net book value of \$206.

Additional information on the Town of Indialantic, Florida's capital assets can be found in Note 2.C. on page 48-49 of this report.

**Long-term debt.** The governing body of every municipality may borrow money, contract loans, and issue bonds, as defined in Florida State Statute 166.101, from time to time to finance the undertaking of any capital or any other project for the purpose permitted by the State Constitution and may pledge of the funds, credit, property and taxing power of the municipality for the payment of such debts and bonds. Florida has no legal debt limit.

During the year ended September 30, 2018, the Town held a referendum to approve the issuance of debt, supported by a debt millage rate of 1%, to replace the Town's stormwater infrastructure. The Town issued the \$3,000,000 Town of Indialantic, Florida Limited Ad Valorem Tax Note, series 2018 on October 26, 2018. The Town has completed several stormwater pipe replacement projects this past fiscal year with the bond funds.

Additional information on the Town of Indialantic, Florida's long-term debt can be found in Note 2.D. on page 50 of this report.

### Economic Factors and Next Year's Budgets and Rates

- The Town of Indialantic has grown over the years in the number of residences, residential structures and commercial establishments. Most of the construction activity today involves the redevelopment of residential properties. The rate of growth has fluctuated based on County economic conditions. The 2022 taxable value is reflected as \$547,835,553.
- The Town currently has 1,582 housing units.
- The April, 2022 population, as estimated by the Bureau of Economic and Business Research for the University of Florida was placed at 2,998.

## **Town of Indialantic, Florida Management's Discussion and Analysis**

- Numerous improvements were made to businesses and residences during the fiscal year ending September 30, 2022. *Year ended September 30, 2022*

---

Net change in fund balances - total governmental funds **\$ 1,263,941**

Amounts reported for governmental activities in the statement of activities  
are different because:

Governmental funds report capital outlays as expenditures. However,  
in the statement of activities, the cost of those assets is allocated over  
their estimated useful lives as depreciation expense.

Expenditures for capital assets	\$ 305,550	
Donated capital assets	26,115	
Less: current year depreciation	(405,315)	<b>(73,650)</b>

In the statement of activities, only the gain or loss on the sale of capital  
assets are reported. However, in the governmental funds, the proceeds  
from the sale increase financial resources. Thus, the change in net position  
differs from the change in fund balances by the cost of the capital assets  
sold or disposed.

Cost of capital assets	\$ (72,015)	
Depreciation and amortization expense	71,809	<b>(206)</b>

The issuance of long-term debt (e.g., bonds, leases) provides current  
financial resources to governmental funds, while the repayment of the  
principal of long-term debt consumes the financial resources of govern-  
mental funds. Neither transaction, however, has any effect on net position.  
This is the net effect of these differences in the treatment of long-term  
debt and related items.

Repayment of principal of long-term debt	\$ 281,530	
Accrued interest on debt	4,047	<b>285,577</b>

Under the modified accrual basis of accounting used in governmental funds,  
expenditures are not recognized for transactions that are not normally paid  
with expendable available financial resources. In the statement of activities,  
however, which is presented on the accrual basis, expenses and liabilities  
are reported regardless of when the financial resources are available.

Compensated absences	\$ 6,138

## Town of Indialantic, Florida Notes to Financial Statements

### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Town of Indialantic, Florida (the "Town") was created pursuant to Chapter 73-129, Laws of Florida, in 1952. The Town operates under a chartered Council-Manager form of government. The Town provides a wide range of services as directed by the Town Charter, including general government, public safety, police, fire, public improvements, recreation, planning and zoning and other related general and administrative services for approximately 2,800 residents.

The accounting policies of the Town conform to generally accepted accounting principles as applicable to governments.

As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. No potential component units were found for which the above criteria required consideration in defining the government's reporting entity.

#### Excluded from the reporting entity

The Indialantic Volunteer Fire Department, Inc. is a nonprofit corporation separate from the Town. This potential component unit is excluded from the reporting entity because the Town does not exert significant influence or control over the volunteer fire department, nor does it have the right to the surplus of the volunteer fire department.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *Business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis Of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Town reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the government, except those required to be accounted for in another fund.

The Town reports the following major proprietary fund:

The *Parks fund* accounts for operational and maintenance costs of Wavecrest Park and Indialantic (Nance) Park.

Additionally, the Town reports the following fund types:

The *pension trust funds* account for assets, liabilities, revenues and expenses of the pension plans of the Town's general employees, police officers and firefighters. The activities of these funds are subject to state mandatory regulations, local ordinances and the policies of the governing boards.

The Town's nonmajor governmental funds consists of the *Special Investigative Trust Fund*, which accounts for revenues received per state forfeiture statutes that are used for police investigative expenses; and the *Debt Service Fund* which is used to account for the proceeds from a voter approved 1 mil ad-valorem tax, and payment of the related debt.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis Of Accounting, and Financial Statement Presentation (continued)**

The effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and providing and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of both enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

**D. Budgetary Information**

As permitted by GASBC 2400, *Budgetary Reporting*, the Town has elected to disclose all budgetary information in the notes to the required supplementary information (RSI). Please refer to the accompanying notes to the RSI for the Town's budgetary information.

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity**

**1. Cash and investments**

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Deposits available within various funds, except pension trust funds, were consolidated for investment purposes. Substantially all deposits at September 30, 2022, were invested using the pooled investment concept. Interest earned was allocated to the various funds based on their average cash and investment balances.

Investments are reported at fair value, with the exception of external investment pools which comply with the criteria set forth in Section 150: *Investments* of the GASB Codification and have elected to measure their investments at amortized cost. Accordingly, the fair value of the Town's position in the external investment pools having met these criteria is equal to the value of the pooled shares.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity (continued)**

**1. Cash and investments (continued)**

The investment of municipal funds is authorized by Florida Statutes which allows the Town to invest in the Local Government Surplus Funds Trust Fund administered by the State Board of Administration, direct and indirect obligations of the United States Government, obligations of Federal Government agencies, time deposits or savings accounts of financial institutions under Federal and State regulation, and mutual funds that invest solely in obligations of the United States Government or its agencies.

Florida State Statutes Chapters 175 and 185 regulate types of investments that may be held by the Police and Firefighters' Pension Trust Funds. The investment guidelines have been augmented by a Town ordinance that has adopted specific investment policies. Compliance with the policies and guidelines have been evaluated by the pension board.

**2. Receivables and payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The Town is permitted by State law to levy taxes up to 10 mills on assessed valuation. The Indialantic Town Council levy for the fiscal year ended September 30, 2022 was 6.0923 mills, as approved by a unanimous vote. Additionally, a 1.0 mil is levied for voted bond debt service costs as discussed in Note 2D. Current tax collections for the Town were approximately 97% of the total tax levy.

As provided by law, the Brevard County Property Appraiser assesses all properties for ad valorem taxing purposes and the Brevard County Tax Collector collects and distributes all taxes. Ad valorem taxes are levied based on the property valuation as of January 1. The fiscal year for which ad valorem taxes are levied begins on October 1. Taxes are due beginning November 1, delinquent on April 1, and lien on May 30.

Property tax revenues are recognized in the fiscal year for which they are budgeted and also become due and payable. Virtually all unpaid taxes are collected via tax sale certificates sold on or prior to June 1; therefore, no material taxes are receivable at fiscal year-end.

All account and tax receivables are shown net of an allowance for uncollectibles. Accounts receivable in the Park fund are shown net of allowance for uncollectibles of \$13,245.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity (continued)**

**3. Capital assets**

Capital assets, which include property, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or Business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

Buildings	40 years
Improvements other than buildings	5 to 20 years
Infrastructure	25 to 40 years
Machinery and equipment	5 to 20 years
Vehicles	5 years

**4. Compensated absences**

It is the Town's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation is accrued when incurred in the government-wide and proprietary fund type financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**5. Unearned revenue**

Unearned revenue includes amounts collected before the revenue recognition criteria are met. The unearned items consist primarily of funds received for grants that have not yet been expended for the required purpose.

**6. Long-term liabilities**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund statement of net position.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity (continued)**

**7. Defined Benefit Pension Plans**

The Town administers two single-employer, defined benefit pension plans: the Police Officers' and Firefighters' Retirement System and the General Employees' Pension Plan. For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the two defined benefit pension plans and additions to/deductions from the two defined benefit pension plan's fiduciary net positions have been determined on the same basis as they are reported by the plans. For this purpose, contributions are recognized in the period in which the contributions are due. The Town's employer contributions are recognized when due, and the Town has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the respective terms of the Town's two defined benefit pension plans.

**8. Other Post-Employment Benefits**

The Town participates in a single employer defined benefit other post-employment plan. The Town does not have a trust for the plan, and there is no actuarial determined contribution. The net liability or asset is determined in accordance with GASBC P52, *Other Post-Employment Benefits*.

**9. Deferred outflows / inflows of resources**

In addition to assets, the statement of net position and balance sheet will sometimes report a separate section for deferred outflows of resources and deferred inflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The deferred outflows and inflows are an aggregate of items related to pensions and other post-employment benefits (OPEB) as calculated in accordance with GASBC P20, *Pension Activities* and GASBC P52, *Other Post-Employment Benefits*.

**10. Fund equity**

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Restricted Fund Balance – This portion of the fund balance will consist of those monies that have restrictions from external resource providers or imposed by law through constitutional provisions or enabling legislation placed on their use.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity (continued)**

Committed Fund Balance – This portion of the fund balance will consist of those monies earmarked by Council through resolution that are intended to be used for a particular purpose.

Assigned Fund Balance – This portion of the fund balance for the General Fund consists of those monies budgeted to be spent during the following fiscal year as cash carry forward to cover the budget deficit, and encumbrances as approved by Town Council.

Unassigned Fund Balance – This portion of the fund balance for the General Fund will consist of those monies not specifically earmarked by Council for a particular project. Additionally, any revenue received in a fiscal year in excess of expenditures will automatically fall to unassigned fund balance. Council may also budget monies in the Town's annual fiscal year budget for this category.

The Town would typically use restricted fund balances first, followed by committed and assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

**11. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from management's estimates.

**12. Subsequent Events**

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 2, 2023, and determined there were no events that occurred that required disclosure.

**13. Recently issued and implemented accounting pronouncements**

The Governmental Accounting Standards Board has issued statements that will become effective in future years. The statements address:

GASB Statement No. 96, *Subscriptions-Based Information Technology Arrangements*, provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset an intangible asset-and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity (continued)**

To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

GASB Statement No. 100, *Accounting Changes and Error Corrections*, This Statement establishes accounting and financial reporting requirements for (a) accounting changes and (b) the correction of an error in previously issued financial statements (error correction). This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes.

This Statement prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. Furthermore, this Statement addresses how information that is affected by a change in accounting principle or error correction should be presented in required supplementary information (RSI) and supplementary information (SI). The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

GASB Statement No. 101, *Compensated Absences*, The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

The Town is evaluating the requirements of the above statements and the impact on reporting.

**Note 2: DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

At September 30, 2022, the Town's carrying amount of cash deposits was \$5,138,077 and the bank balance was \$5,271,970. In addition, the Town holds \$278 of petty cash.

**Note 2: DETAILED NOTES ON ALL FUNDS (Continued)**

**A. Deposits and Investments (continued)**

As of September 30, 2022, \$250,000 of the Town's bank balances and all non-interest bearing accounts are covered by the Federal Depository Insurance Corporation (FDIC). Monies invested in amounts greater than the insurance coverage are secured by the qualified public depositories pledging securities with the State Treasurer in such amounts required by the Florida Security for Public Depositories Act. In the event of a default or insolvency of a qualified public depositor, the State Treasurer will implement procedures for payment of losses according to the validated claims of the Town pursuant to Section 280.08, Florida Statutes.

The investing of public funds with the Florida State Board of Administration (SBA) - Local Government Surplus Funds Trust Fund ("Florida PRIME") is governed by Section 218.407, Florida Statutes. The SBA is under regulatory oversight of the State of Florida. The investment pool consists largely of corporate notes and commercial paper. On September 30, 2022, the Fiduciary Funds had \$17,717 invested in the pool. The fair value of the Town's position in the pool is equal to the value of the pooled shares.

Under GASB Codification 150: *Investments*, if a participant has an investment in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates) in the notes to the financial statements.

As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the Town's access to 100 percent of their account value in the external investment pool.

Interest Rate Risk – The Town's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. This policy is pursuant to Florida State Statute 218.415(6).

Credit Risk – The Town's investment policy pursuant to Florida State Statute 218.415 permits for investments in the Local Government Surplus Trust Fund, Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories and direct obligations of the United States Treasury.

The allowable instruments in the General Employees' Pension Plan are outlined in the Town's written investment policy and include equities, common stocks, equity mutual funds, preferred stocks, convertible securities including debentures, international equities, real estate investment trusts, fixed income investments in individual bonds, fixed income mutual funds, government bonds, corporate bonds, mortgage-backed securities, asset-backed securities, certificates of deposits, commercial paper, and government secure zero coupon bonds. Common and preferred stock are to be listed on either the New York or American Stock Exchange. Fixed income investments containing marketable bonds must be rated "A" or better by Standard and Poor's at the time of purchase.

**Note 2: DETAILED NOTES ON ALL FUNDS (Continued)**

**A. Deposits and Investments (continued)**

No limitations are placed on investments in the United States Government Guaranteed Obligations. Commercial paper must have a rating of not less than A-1 by Standard and Poor's or P-1 by Moody's. Certificates of deposit may only be purchased from issuers with a quality rating of AA+ or better at the time of purchase.

Investment in the Police Officers' and Firefighters' pension trust fund is limited by Florida State Statutes Chapters 175 and 185 and by investment policies adopted by the fund's Board of Trustees. The allowable instruments in the Police Officers' and Firefighters' Pension Plan include equities traded on a national exchange or electronic network, fixed income investments with a minimum rating of investment grade or higher as reported by a major credit rating service, money market funds with a minimum rating of A-1 by Standard and Poor's or P-1 by Moody's, and pooled funds which may include mutual funds, commingled funds and exchange-traded funds.

Foreign Currency Risk – The Town's pension trust funds contain investments in international stock mutual funds; however, all of the investments are denominated in U.S. dollars and are not exposed to foreign currency risk.

Custodial Credit Risk – The Town's investment policy pursuant to Florida State Statutes 218.415(18), requires securities, with the exception of certificates of deposit, to be held with a third party custodian; and all securities purchased by, and all collateral obtained by the Town should be properly designated as an asset of the Town. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida as defined in Section 658.12, Florida Statutes, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. Certificates of deposit maintained by book-entry at the issuing bank shall clearly identify the Town as the owner. As of September 30, 2022, the Town's investments were held with a third-party custodian as required by the Town's investment policies.

**Fair Value**

GASB Codification Section 3100: *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Total investments	\$ 10,631,631				

*Mutual funds and US Government obligations:* Valued at quoted market prices.

*Corporate and foreign bonds, municipal obligations, and mortgage or asset backed securities:* Valued using a pricing service that uses matrix pricing when publicly traded pricing is not available.

*FMIT:* Valued using the total pool value multiplied by the Town's percentage ownership of the pool. The pool value is determined by using the quoted value of the underlying assets or similar assets. The pool is comprised of multiple different types of assets and consistent with GASB 150 *Investments*. The pool is in and of itself a type of investment and the Town does not own or report the investments underlying the pool. The pool has no unfunded commitments, redemption notice period, or redemption frequency limitations.

**E. Risk Management**

The Town is exposed to various risks of loss, including, but not limited to theft, damage or destruction of its buildings, equipment, records, and monetary assets, and liability for personal injury, property damage and consequences of employee and public official actions. The Town participates in a non-assessable public risk pool to cover significant loss exposure. The pool maintains a loss reserve and purchases specific excess insurance, aggregate excess insurance and multiple loss coverage from commercial carriers and underwriters. Settled claims have not exceeded the coverage in any of the past three fiscal years and there has not been a reduction in coverage levels for the fiscal year ended September 30, 2022.

**Note 3: RETIREMENT PLANS**

All regular employees are covered by retirement plans. Police and fire employees are covered by the Police Officers' and Firefighters' Pension Plan, while the other employees are covered by the General Employees' Pension Plan. These are single employer, defined benefit pension plans. For the Police Officers' and Firefighters Pension Plan, stand-alone plan financial reports are not issued, and the plans are not included in the reports of any other public employee retirement system or entity. For the General Employees' Pension Plan, stand-alone financial reports are available from the administrative office: Retirement Department, Florida League of Cities, Inc. PO Box 1757, Tallahassee, FL 32302. Each Plan is administered through its own Board of Trustees.

**A. Summary Of Significant Accounting Policies (All Plans)**

The financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Investments are reported at fair value as described in footnote 2A.

**C. Detailed Notes on The Police Officers' and Firefighters' Pension Plan**

*Plan Administration:* The Police Officers' and Firefighters' Plan is a single-employer defined benefit pension plan administered by the Plan's Board of Trustees comprised of:

- Two legal residents appointed by the Town Council;
- One Police Officer and one Firefighter elected by members of their respective departments;
- A fifth member elected by the other four and appointed Town Council.

*Contributions and Funding Policy:* The Town recognized as revenues and expenditures on-behalf payments relating to pension contributions for its Police Officers' and Firefighters' Pension Plan originating from the State of Florida. These contributions are funded by an excise tax upon certain casualty and property insurance companies on their gross receipts of premiums from policy holders.

**Note 3: RETIREMENT PLANS (Continued)**

**C. Detailed Notes on The Police Officers' and Firefighters' Pension Plan (Continued)**

Employees of the Police Officers' and Firefighters' Pension Plan are required to contribute 5% their eligible compensation as defined by their respective collective bargaining agreements and state statutes. If the remittance from the State and contributions from employees is less than estimated by the actuary, the Town contributes the amount necessary, over and above these contributions to meet Normal (current year's) Cost and fund the Unfunded Accrued (Past Service) Liability over 30 years. The contribution estimates calculated by the actuary are produced using an entry age actuarial cost method.

*Plan Membership:* As of October 1, 2022 plan membership of the Police Officers' and Firefighters' Pension plan was as follows:

Inactive plan members or beneficiaries currently receiving benefits	17
Inactive plan members entitled to but not yet receiving benefits	1
Active plan members	17
<u>Total Police Officers' and Firefighters' pension plan members</u>	<u>35</u>

*Benefits provided:* The Police Officers' and Firefighters' Pension Plan provides retirement, termination and death benefits as outlined below.

**Retirement**

- Normal retirement at the earlier of age 55, or age 52 and 25 years of credited service with a benefit of 3% of average monthly earnings times credited service.
- Early retirement at age 50 and 10 years of credited service with a benefit of the amount accrued reduced by 3% for each year that early retirement precedes normal retirement.

**Disability**

- For a permanent service incurred disability where the participant is unable to perform their regular duties, 42% of average monthly earnings or accrued benefits, whichever is greater. For a non-service incurred disability where the participant is unable to perform their regular duties, 25% of average monthly earnings or accrued benefit, whichever is greater. The benefits are limited such that if the disability benefits received plus workers compensation and earned income exceed 100% of the average monthly earnings in effect on the date of disability, the disability benefits for the following year is reduced by the excess.
- Pre-retirement death benefit for a non-vested member consisting of a refund of member contributions without interest.
- Pre-retirement death benefit for a vested member consisting of an actuarial equivalent to a member's accrued benefit.

**Termination benefits**

- Less than 10 years of service, a refund of member contributions without interest.
- 10 years or more, accrued benefit payable at age 50 or later, on a partial actuarially reduced basis if to commence prior to age 55. The benefit is also payable to beneficiary of deceased vested member, or refund of member contributions without interest.

**Note 4: POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**

The Town follows Section P52: *Postemployment Benefits Other Than Pensions – Reporting for Benefits Not Provided Through Trusts That Meet Specified Criteria* (OPEB) of the GASB Codification, for certain postemployment health care benefits provided by the Town.

*Plan description:* The Town administers a single-employer defined benefit healthcare plan (the "Plan") that provides medical insurance to its employees and their eligible dependents. Pursuant to Section 112.0801 Florida Statutes, the Town is required to provide eligible retirees (as defined in the Town's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees.

Employees and their dependents may elect to remain in the Plan upon retirement up to age 65. After age 65, the Town's insurance coverage becomes secondary to the retiree's Medicare insurance.

Benefit provisions for the Plan were established by Town Council on April 3, 1996 and may only be amended by Town Council. The Town has not established a trust or agency fund for the Plan. All financial information related to the Plan is accounted for in the Town's basic financial statements and the Plan does not issue stand-alone financial reports.

**Town of Indialantic, Florida**  
**Notes to Financial Statements**

**Note 4: POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)**

*Funding policy:* The Town is funding the Plan on a pay-as-you-go basis. The Town requires retirees to pay 100% of the premiums for retirees and their dependents. There is an implied subsidy in the insurance premiums for the employees because the premium charged for retirees is the same as the premium charged for active employees, who are younger than retirees on average.

For the year ended September 30, 2022, the Town did not make any contributions to the Plan.

*Plan membership:* Plan membership as of September 30, 2022 was:

	Number of covered individuals
Inactive members currently receiving benefits	5
Inactive members entitled to but not yet receiving benefits	-
Active members	32
Total	37

**Actuarial Assumptions**

The OPEB liability was determined based on the following assumptions and information:

Employer's reporting date:	September 30, 2022
Measurement date:	September 30, 2022
Valuation date:	October 1, 2021
Discount rate:	4.77%
Salary increases:	3.00%

The discount rate is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.

*Cost of living increases:* Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.

*Healthcare cost trend rate:* Increases in healthcare costs are assumed to be 8.00% for the 2021/22 fiscal year graded down by 0.50% per year to 5.00% for the 2027/28 and later fiscal years.

*Implied subsidy:* Because the insurance carrier charges the same monthly rate for health insurance regardless of age, an implied monthly subsidy has been assumed for the 2021/22 fiscal year based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates.

*Mortality basis:* Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2020.

**Note 4: POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)**

Retirement: Retirement is assumed to occur at the earlier of age 52 with 25 years of service or at age 55 otherwise.

Other decrements: Assumed employment termination is based on the Scale 155 table; assumed disability is based on the Wyatt 1985 Disability Study (Class 4 rates were used for firefighters and police officers and Class 1 rates were used for all other employees).

Healthcare coverage elections: 50% of eligible employees are assumed to elect medical coverage for themselves upon retirement or disability; of those electing coverage, 90% of males and 80% of females are assumed to elect coverage for their spouses; coverage is assumed to end upon the attainment of age 65.

Life insurance election: All future retirees are assumed to elect \$5,000 of life insurance coverage for themselves for life.

Spouses and dependents: Husbands are assumed to be three years older than wives; retirees are not assumed to have any dependent children.

COBRA: Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.

Changes: Since the prior measurement date, the discount rate was increased from 2.43% per annum to 4.77% per annum, the healthcare cost trend rates were increased from 7.00% for the 2020/21 fiscal year graded down to 5.00% to 8.00% for the 2021/22 fiscal year graded down to 5.00%.

**A. BUDGETARY INFORMATION**

The Town Council adopts an annual budget resolution for all governmental funds prior to September 30 for the next ensuing fiscal year. All budgets are prepared on a modified accrual basis, which is consistent with generally accepted accounting principles.

Budgetary control is legally maintained at the department level. Budget transfer authority is provided to the Town Manager within departments in a fund as long as the total budget of the department is not increased.

Procedures followed by the Town in establishing budgeting data reflected in the financial statements are as follows:

1. The Departments prepare their budget requests and submit them to the Town Manager prior to June 30th of each year.
2. The Town Manager prepares a proposed budget and submits it to the Budget and Finance Committee during the month of July. The operating budget includes proposed expenditures and the means of financing them.
3. The Budget and Finance Committee meets during the month of July to review the proposed budget and make recommendations to the Council.
4. The Town Manager submits the proposed budget to the Town Council on or before August 1st of each year.
5. A public hearing on the proposed budget is held at a regular Council meeting prior to the start of the fiscal year.
6. Prior to October 1<sup>st</sup>, the budget is legally enacted by the adoption of a Resolution.
7. In April of each year, the Town Manager reviews the adopted budget and makes necessary adjustments, which are submitted to the Town Council for their approval.
8. Formal budgeting integration is employed as a management control device during the year for the general and special revenue funds.

Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general and special revenue funds. Encumbrances outstanding at year end are reported as unassigned fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. The subsequent year's appropriations provide authority to complete these transactions. There were no encumbrances outstanding at year end.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members of Town Council  
Town of Indialantic, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Indialantic, Florida, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Indialantic, Florida's basic financial statements, and have issued our report thereon dated June 2, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town of Indialantic, Florida's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Indialantic, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Indialantic, Florida's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Indialantic, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITORS' MANAGEMENT LETTER**

Honorable Mayor and Members of Town Council  
Town of Indialantic, Florida

### **Report on the Financial Statements**

We have audited the financial statements of the Town of Indialantic, Florida, as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 2, 2023.

### **Auditors' Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated June 2, 2023, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial report.

## **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the Town of Indialantic, Florida is disclosed in the footnotes. The Town of Indialantic has no component units.

## **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Town of Indialantic, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Town of Indialantic, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Town of Indialantic, Florida. It is management's responsibility to monitor the Town of Indialantic, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we have the following recommendation.

### **2022-001 PARKING TICKETS**

**Criteria:** All unpaid parking tickets should be filed with the State.

**Condition:** The Town did not file parking tickets with the State during 2022.

**Cause:** During the audit, it was noted the Town has not been following the process for filing unpaid tickets with the State in accordance with policy.

**Effect:** The Town may not be able to realize all ticket revenue from Florida residents recorded in accounts receivable.

**Recommendation:** CRI recommends all unpaid tickets be filed with the State in a timely manner.

**Management Response:** A procedure is in place now to have a second person verify the unpaid ticket data is being placed for upload with the State a minimum of once per month.

## **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

## **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Council members and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

## **INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH LOCAL GOVERNMENT INVESTMENT POLICIES**

To the Honorable Mayor and Members of Town Council  
Town of Indialantic, Florida

We have examined the Town of Indialantic, Florida's (the "Town") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2022. Management of the Town is responsible for the Town's compliance with the specified requirements. Our responsibility is to express an opinion on the Town's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements to the engagement.

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2022.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
